

Poor little fellow! He coughs so hard he cannot sleep. That makes him weak and sickly all the next day. His brother thinks this coughing is terrible. So do we, for we know that just a few doses of

Ayer's Cherry Pectoral will stop the cough. For sixty years it has been the standard remedy with men, women, and children for colds, coughs, and all throat and lung diseases. It contains no narcotic or poison of any kind. Be sure that you get Ayer's Cherry Pectoral. Accept no cheap and worthless substitute.

MORMONISM IN LONDON

FINE NEW TEMPLE OF LATTER DAY SAINTS TO BE DEDICATED TODAY.

LONDON, June 27.—Mormonism is gaining ground rapidly in England, and nothing will bring home the fact of that growth so sharply to the English people as the dedication tomorrow of the elaborate new headquarters which have been acquired by the Mormon missionaries for the London district. The Mormon mission to London has outgrown the old headquarters in a commodious house known as "Deseret," in Farleigh road, Stoke Newington, and the mission has now acquired a building which is eminently adapted to their work. It was built twenty years ago at a cost of \$100,000 and was designed for a hotel, saloon and music hall, but the magistrates refused to grant it a license and it has been lying vacant ever since, a white elephant on the owner's hands. The thrifty Mormons have acquired it for about half what it cost to build and are hard at work renovating it and fitting it up for their purposes.

The chief feature, of course, is the amusement hall, which will seat 1000 people comfortably. A platform has been erected at one end and an organ will soon be installed. At present the music is furnished by two harmoniums. There are a number of smaller rooms on the ground floor which can be used for small meetings and committees, and up stairs there are about twenty rooms, in which the Mormon missionaries and workers will live.

The new headquarters is known as the old Markfield Hotel and is situated on the High Road, Tottenham, an ideal center for the proselyting work of the Mormons, for it is in the center of a district occupied almost exclusively by humble folk, who in England are apt to run after a new religion and the chief excitement in whose dull lives is afforded by the various activities connected with the churches.

Great preparations are being made for the dedication. Apostle Charles W. Penrose, the chief of the European Mission, is coming from Liverpool to conduct it, and there will be a great gathering of elders and deacons from all over Europe.

The work in London is in charge of Effner Soren Peterson, president of the London district, and he is assisted by forty-two workers all of whom are Americans but one. All are elders or deacons and most of them are young Americans who throw their whole energy into the work, which is done chiefly by house to house canvassing. Every morning the missionaries go out to a selected district, calling faithfully at every house and distributing 2500 tracts every day. If they find a member of one of the old churches willing to listen they at once invite the prospective convert to call in the minister of the church to which he belongs and have it out at once. Usually the minister refuses indignantly to meet the Mormon missionary and there the Mormon scores a point.

Most of the converts are gained from the church of England and most of them from the small shopkeeping and superior working class. The upper classes are seldom reached, although the Mormon missionaries here are very proud of their "star" convert, Colonel R. M. Bryce Thomas, late of the English army, whose pamphlet "My Reasons for Leaving the Church of England and Joining the Church of Jesus Christ of the Latter-Day Saints" is one of their favorite and most effective tracts.

It is hard to estimate the real influence which the Mormons have obtained here. There are at least a dozen regular meetings being conducted in London and there are 1000 regularly enrolled members of the church, but the attendance at the meetings is nearly five times that number. There are about 10,000 regularly enrolled members of the church in England, but that number by no means represents the number of conversions, for the missionaries estimate that in the last ten years at least 20,000 converts have gone from England to Utah.

WALKER MUST COME BACK

The Mexican Supreme Court Destroys Last Hope of The Banker.

TOOK MORE THAN 500,000 DOLLARS

Embezzler Declares That He is Being Made Scapegoat of Others.

SAN DIEGO, June 29.—According to reports received today from Mexico, W. F. Walker, who is alleged to have absconded from New Britain, Conn., with \$565,000 of cash belonging to the bank of which he was cashier, has played his last card and lost. He has been fighting extradition and the Supreme Court has denied his writ of amparo, or habeas corpus. It is presumed that as soon as the papers are returned from the City of Mexico the prisoner will be sent north on the steamer St. Denis to this port, to be taken hence to Connecticut to stand trial.

Walker has been in the Ensenada cartel since last December, fighting against extradition. He has steadfastly refused to say much regarding the accusation more than that he has told the whole story to the officials of the bank. He claims that he has not got a single dollar of the property of the bank, asserting that the whole amount was stolen from him in New York, and that, while the people who got the cash made their escape to South America, he was sent to the Far West in a doped condition.

He does not say who the people are who robbed him, nor does he explain what he was doing with the bank's money in New York. He has claimed his liberty in Mexico on the ground that the Connecticut authorities did not act in time, but this claim the highest courts have now turned down.

WASHINGTON, June 29.—Embassador Thompson at the City of Mexico today informed the Department of State that on Saturday the Supreme Court of that country held for extradition William F. Walker, the New Britain banker, who absconded almost a year ago and was captured in a mining camp while in disguise. Extradition proceedings in Walker's case have been pending for a long time. He was held for extradition by the local judge at Ensenada, but his counsel initiated proceedings in amparo and took the case to the Supreme Court. Walker is held at Ensenada and will be brought to the United States, probably going direct to El Paso.
